Burmese
Dictionary

Kit Johnstone Tyabandha, Ph.D.

The present version was made from a file dated 15^{th} May 2013 , which meant only that the file was made on that day together with other *dct*'s files by *mk-dcts*. The date of entry into *dct* of these would have been months earlier at the least. There are still some difficulties in formatting a dictionary, the idea is to try to do multiple columns without inputting *manmac*.

[acâ] (instead of); [adhippāï] (n) (meaning); [akhrâng] (n) (thing,(do)ing); [ak] (n) (crack); [akraññei] (n) (respect); [akrôngkrâ] (vb) (inform); [akrông] (n) (matter); [alup] (n) (work); [alvan] (adv) (very);
